

YORK - E.R. - Driffield -

Cottage Hospital.

54TH ANNUAL REPORT.

30th APRIL, 1928.

- REPORT. -

It is with more than our usual pleasure that we present this, our 54th Annual Report of the Driffield Cottage Hospital for the year ending April 20th, 1928, and, firstly, because we believe we have never been more useful, or more used, as our return of patients will show, and at the close of the year we were busier than ever, and have had more patients in the first weeks of May, 1928, than ever before, this of course showing that the Committee are meeting a definite need, and are meeting that need in a manner that satisfies the recipients. Also we have the pleasant, if uncommon, announcement to make that all expenses have been met. The deficit from 1927 has been wiped out, and a slight balance is in hand to start the ensuing year.

This comes about in two ways, firstly, we have received a goodly sum from patients who have been able to afford it, and on the other side, by the care of our Matron, our expenses have been reduced by £90 in spite of the increased number of patients.

In our next year's report we shall have to record the great help which the Working Men's Committee are bringing to us.

To come to details we have to deplore the loss of one of our oldest friends, a Vice-President and Trustee, Mr. H. H. Staveley, J.P.; we would tender our sympathy to Mrs. Staveley and his family. It is through the past labours of these, our old patrons, that we owe our very existence. We are only carrying on the work they used to do.

Special thanks for special gifts must be given to Mr. G. B. Dunning for £100 4½% War Stock to our capital fund.

Martinmas Flag Day £49.

Driffield and District Association Football League 1927, One-Third takings, £26.

Collected on the Show Day £11, and a new way, the collecting of tin-foil by school children and others, £2 9s 3d; whilst this does not swell the total in a great measure, yet we know it represents much patient work and is saving "The Bawbees," which we Yorkshiremen are always fond of doing.

Our Medical Staff, both local and the Hull Surgeons, have done more for us than ever; it is entirely owing to their self-denying efforts that the work can be accomplished, and that we can keep open a day; we would ask them all to accept our heartiest thanks.

We have to welcome a new addition, our Lady Masseuse, Miss Beachell, we know she has already assisted several cases to recover the use of their limbs in fuller measure.

We cannot close our report without mentioning that the call for increased work, full beds, waiting patients, overcrowded wards, has naturally brought before the committee the need for extension; two plans have been brought forward—addition to the ground wards on the present site—or what the doctors, architect and some of the committee persistently urge, the more ambitious scheme of a new hospital on a more extensive site—nothing is decided yet, but while the public of Driffield and neighbourhood may rest assured that every endeavour will be made to meet the needs of the community with the best Medical and Surgical provision of the day, we on the other side feel assured that our friends will support us in the fullest manner on the financial side when we come before them with our definite plan.

Though not actually taking place before the close of the year we are reporting through the determination and gift of two members of our committee, Mr. R. Campbell, backed up by the help of his uncle, our president, Mr. R. Holtby, the first weeks of May 1928 see the installation of the most modern type of operating table and all the implements which the operators require for their work, so that if any of our readers should unfortunately have to come to the hospital in their need they can be assured of the benefit of the most modern implements.

This report is of course the work of the executive committee and so it is speaking about ourselves, but this is sometimes necessary; during the year we have been enlarged by the addition of members from the Working Men's Committee and other workers.

We trust that the public will recognise that we are not an out-of-date clique, but a body of representatives from all those who care for the most efficient hospital treatment of their brethren in their suffering.

❖ LIST OF OFFICIALS. ❖

President—
ROBERT HOLTBY.

Vice-Presidents—
HARRISON HOLT, J.P.
SIR PRINCE PRINCE-SMITH, Bart.
R. T. HOLTBY, J.P.

Examined and found correct,

WM. WILBERFOSS,
GEORGE GLOVER } Hon. Auditors

15th May, 1928

RETURN OF PATIENTS.

We commenced the year with 5 Patients, and we have admitted 77 making a total of 82 persons treated during the year, against 52 for year ending 30th April, 1927. Of these, 68 have been discharged relieved, 7 have died, and 7 remain in.

Of the 7 deaths, 5 were the result of accidents.

The average duration of treatment of each patient is 24 days, and the cost works out at £9 15s per patient, or £2 17s per week.

Of the 82 Patients, there came from :—

Driffield	56
Hull	4
Garton	3
Hutton Cranswick	1
Wetwang	1
Scarboro'	2
Wakefield	1
Thixendale	1
Wansford	2
Bainton	1
West Lutton	1
Sledmere	1
Harpham	2
Cottingham	1
Middleton	1
Kirby Grindalythe	1
Langtoft	3
				—
				82

There have been 24 accident cases admitted, and 49 operations during the period (20 major and 29 minor), against 21 accidents, and 28 operations in the previous year. Five of the operations were the result of accidents.
